About flowr

flowr is a self-care routine planner for iOS that helps you actually implement the routines you've been collecting. Built for Millennial and Gen Z women who treat self-care as a ritual, flowr gives your routines a home ? out of your screenshots and notes and into your real life.

What flowr does

- ? Your Today Dashboard ? Up next, morning through evening, check off steps, hold to reorder your day
- ? Routine Planning & Scheduling ? 10 categories; daily, weekly, every 2 weeks, monthly, or by cycle phase; toggle and duplicate
- ? Step-Level Customization ? default schedule plus per-step fine-tuning
- ? Your Product Shelf ? tag products to steps; Love It, Like It, or Not For Me
- ? Cycle Syncing ? menstrual and lunar cycle tracking
- ? Your Self-Care Calendar ? plan ahead and look back
- ? Share Routines ? privacy-safe link; Add to My Routines
- ? Never Forget Your Routines ? notifications at the time you choose
- ? 14-day free trial, no credit card required

About the Founder

Brittany Theodore is the founder of flowr and the sole developer behind Petal Studios LLC, a Delaware-based independent software company. She built flowr because she kept saving self-care routines she wanted to start ? only to lose track or forget all about them.
